

FORM K: DISSEMINATION PLAN

The applicant must outline a plan for disseminating project information such as data, findings and/or results, evaluation methodologies and recommendations to key stakeholders and interested parties. Limit two (2) pages. Applicant may delete the instructions (italics) if additional space is needed.

Name of Applicant _____

Describe the plan for disseminating project information to key stakeholders and interested parties. The plan should include the following:

- **A list of key stakeholders, i.e., community leaders or groups, advocacy groups, public health entities and others who would benefit from the project;**
- **A description of the anticipated findings/results and the type of format that will be used to disseminate them;**
- **A list of annual conferences and/or meetings of the key stakeholders or public health entities that the applicant plans to present the project information (*Applicant should explain if project information will be disseminated after the end of the project term, and how this will be accomplished.*); and**
- **Notice of intent to publish findings, if applicable, including the name of the journal or periodical to which the article will be submitted, and the proposed publication time line including the proposed date when project findings will be released to the department for public health use.**
